EDUCATION

Buddha Institute of Technology, Gorakhpur Aug 2023 – May 2027
Bachelor of Technology in Information Technology
Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Computer Networks, Operating Systems, Software Engineering

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, HTML5, CSS3
Frontend Technologies: React.js, Responsive Web Design
Backend Technologies: Spring Boot

Databases: MySQL
Authentication & Security: JWT Authentication, Session-Based Authentication, Authorization
Developer Tools: Git, GitHub, VS Code, Postman
Core Computer Science: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks
Soft-Skills- , Leadership, Problem Solving, Adaptability, Critical Thinking, Team Collaboration, Time Management.

PROJECTS

MedSetu – Medicine Donation Platform
Tech Stack: MySQL, Spring Boot, React.js

- Developed a full-stack platform aimed at reducing medicine wastage by enabling users to donate unused medicines to those in need.
- Implemented features like medicine listing, request management, and user authentication.
- Focused on creating a user-friendly interface to simplify the donation and request process.
- Technologies Used: HTML, CSS, JavaScript, Spring Boot, MySQL
- Project Link: Med-Setu

Habit Streak Tracker – Productivity Web App

- Built a full-stack application to help users track daily habits and maintain streaks for improved productivity and consistency.
- Implemented features like habit creation, streak tracking, progress visualization, and user authentication.
- Designed an intuitive UI to enhance user engagement and habit consistency.
- Technologies Used: HTML, CSS, JavaScript, Spring Boot, MySQL.
- **Live Demo: Habit-Streak-Tracker**
- **Project Link: Habit-Streak-Tracker-Repo**

CERTIFICATION & ACHIEVEMENTS

- **HackIndia Hackathon – Top 20 Finalist**
  - Selected among **Top 20 teams out of 100+ participants**, showcasing strong problem-solving, teamwork, and development skills.
- **CodeHelp – Web Development Certification**
  - Completed training in React, HTML, CSS, and JavaScript with hands-on project experience.
- **Engineering Digest – Spring Boot Certification**
  - Gained practical knowledge of backend development using Spring Boot and REST APIs.
- **CodeWithHarry – MySQL Certification**
  - Learned database design, queries, and relational database management.
